

Profile Internship

Krijtwal 29

3432ZT Nieuwegein

The Netherlands

Would you like to finish your studies at Teleena or gain some real working experience in mobile telecommunications business ? We offer a great internship opportunity within our organization!

About Teleena

Teleena is a young and innovative company in mobile telecommunications. We operate our own mobile core network combined with a state-of-art IT infrastructure and are using the radio networks of licensed mobile operators (MNOs). At this moment we have radio network access agreements with Vodafone Netherlands and Vodafone United Kingdom and we are exploring radio network access agreements in other countries.

We enable companies and brands to launch their own mobile services. We offer these 'MVNOs' (Mobile Virtual Network Operators) innovative mobile solutions such as mobile loyalty, multi country SIM cards and fixed/mobile solution in prepaid, postpaid and hybrid propositions. Currently we work with almost 50 people in two countries and operate 16 brands, including smart mobile brands like Telesur, UPC, DekaMarkt and hollandsnieuwe. We keep on expanding in customers and countries. The standard is high and we work hard with passion.

We are continuously looking for students who want to do their internship or final project at Teleena. Our internship program, with a variety of activities and projects, is an unique opportunity for students to observe how a mobile telecommunication company operates.

About you
